**Subject:** Back Forty Mine meeting

Liz – Would Chris be available on Sept 11 at either 8 am or 1 pm for a meeting with Back Forty Mine representatives to discuss CWA 404 permitting?

Peter

**Subject:** FW: meeting dates/times

Jeff King has proposed the following meeting for September 11 at 8 AM or 1 PM. He also mentions inviting Chris.

Do you want to check with Chris on his interest/availability for the meeting?

The topic will be specific to the wetlands permit, but Aquilia management and engineers will also be in attendance.

**Subject:** meeting dates/times

Melanie –

Thank you for the call today. Our proposed “pre-application” meetings would be 11 a.m. EDT on September 1 at the MDEQ offices in Marquette with Kristi and Ginny, and then either 8 a.m. or 1 p.m. CDT on September 11 in your offices. We are intending to send MDEQ and you copies of a draft revised site plan along with draft documents that are currently being prepared in an effort to respond to issues raised and questions asked by both agencies during the previous permit application review, hopefully so you might have them around August 25 when we hope to get them to MDEQ. Ideally you could call into the September 1 meeting and MDEQ could call into the September 11 meeting?

I think it would probably be good for Peter, Wendy and Chris to be able to attend the September 11 meeting with you, if that might fit into their schedules also?

On a related note, if you have received any written communications regarding this project within the last couple of months (when I think we last spoke on this topic) we would appreciate receipt of any copies of those communications at your convenience.

Thank you again for your consideration.

**Jeff King**
